

Teacups Quilt Along
From My Carolina Home
Block 15
Herbal Tea

Using the paper piece method, or the traditional method, piece the teacup. Piece the sections, assemble, and then add a border of 2-3 inches to the piecing. Use your square ruler to set the cup on an angle as we did in block 13. Square your block to 8-1/2-inches. Embroider as desired, adding words to the large open area at the top. Use the words I have suggested here, or make this uniquely your own with a poem, herbal tea names, or your own name.

Come Along with Me
For a Cup of Tea

Chamomile

Herbal Tea
