

Scrappy Quilt Project
From My Carolina Home

I found this block on the internet, called Perkiomen Valley. Cutting and sewing these pieces will make two blocks. Mix up colors, and have a high contrast between lights and darks. Lights should be white, ecru or very light beiges with subtle prints or tone on tone. Medium-Darks should be mixed colors in each block, or you can use lots of prints in the same color. If you have trouble deciding if a print is light or dark, please choose another print. Tip, cut generously and sew scantily.

Cutting Instructions

Scrappy darks

4-1/2-inch squares - 8
5-1/4-inch squares – 2

Scrappy Lights

4-1/2-inch squares - 6
5-1/4-inch squares - 2

Match the 5-1/4-inch scrappy darks to the same size lights, and mark diagonal lines on the back of the lights. Sew scant 1/4-inch seams on either side of the line, cut apart and press to make 4 half square triangles. Use one of each print for the block. Assemble the blocks as shown.
Measure the final block to be sure it is 12-1/2-inches

Setting Design Ideas – Some ideas, there are many more ways to assemble this quilt.
